

*North America's Largest Manufacturer of  
Copper and Zinc Compounds*

**FOR IMMEDIATE RELEASE**

**Old Bridge Chemicals Expands Zinc Sulfate Manufacturing  
*Multi-Million Dollar Investment Doubles Capacity, Enhances Quality***

OLD BRIDGE, New Jersey, USA, March 21, 2018 –Old Bridge Chemicals (OB), North America's largest manufacturer of copper and [zinc compounds](#), is pleased to announce a major expansion of its zinc sulfate manufacturing operations. The expansion reflects over a \$3 million investment that more than doubles OB's zinc sulfate manufacturing capacity, while addressing product quality requirements for a diversity of industries and applications the company serves.

Hosted by OB senior management, the occasion was marked by a ribbon cutting ceremony attended by The Honorable Owen Henry, Mayor of Old Bridge Township, other local officials, and OB team members. Located on the company's 64,000 sq. acres campus, the new zinc sulfate operation has resulted in the hiring of over a dozen new employees with additional recruitment anticipated. U.S. Armed Forces (USAF) veterans are encouraged to [contact us](#) as positions become available.

Bruce Bzura, President of Old Bridge Chemicals said, "This most recent milestone continues to advance the quality and reliability of OB's high-performance zinc sulfate products, while showcasing our strong ties to the Old Bridge community. "

The zinc sulfate manufacturing expansion coincides with the recent installation of a state-of-the-art, [continuous vacuum filtration system](#). The system has resulted in increased efficiencies, while meeting OB's exacting product standards that are further verified at the company's onsite testing laboratory.

Joel Bzura, Executive Vice President of Old Bridge Chemicals said, "2018 continues to be an exciting year of innovation for OB. This expansion further supports our 24/7 capabilities to provide our customers products on time, every time."

**About Old Bridge Chemicals, Inc.**

Old Bridge Chemicals, Inc. is the largest manufacturer of copper and zinc compounds in North America. We are the leading manufacturer of copper sulfate in the United States, as well as a major supplier of copper carbonate, zinc sulfate, zinc chloride, zinc orthophosphate, and phosphoric acid, along with other chemical products containing copper and zinc. By offering a focused product portfolio in a variety of grades, it allows us to provide consistent quality products and exceptional service to every customer. Our compounds are used extensively in the industrial, water treatment, agriculture, animal feed and care industries.

Old Bridge Chemicals proudly places the American flag on every package we manufacture and sell. We are not a broker or distributor. For more information, please visit [oldbridgechem.com](http://oldbridgechem.com)
