

## **Stroke and Traumatic Brain Injury Support Group.**

This group will meet the third Thursday of each month at 6:30 pm in the Library, starting April 19 at 6:30 pm.

Moderated by Tom Smith, stroke survivor.

Smith was a top colorist in the comic book industry for two decades and a ballroom dancer. Three years ago a massive stroke changed his life. He has a positive life outlook and has found that dance and movement have helped in his recovery. He came up with the idea to help others recover and started his MOVE program to help others to move again after stroke and TBI. Please join us for the inaugural meeting of the MOVE Support Group and subsequent meetings!
